IMPORTANT GUIDELINES FOR THE CONDUCT OF

PRACTICAL EXAMINATIONS:

1) ISSUE OF ADMISSION TICKETS:

A) After updating Master candidate list online (BTE linx) the Admission tickets & also Marks Lists for practical exams are to be printed at the Institution level. The principals in turn have to verify the admission tickets for the correctness of names, courses, subjects for which the candidates have to appear. Make necessary corrections if any, both in the candidate list

online(BTE linx) and in admission ticket. **ADMISSION TICKETS HAVE TO BE ISSUED TO ONLY ELIGIBLE CANDIDATES.** The eligible candidates means those whose admissions have been approved by the ACM section of Directorate, those who are not having attendance shortage and those who have remitted the examination fee, not debarred earlier for mal-practice. It is the responsibility of the Principal to verify all these before issuing the admission tickets to the candidates. The candidate has to affix his recent photograph (not old one removed from previous admission ticket) securely with gum (not with staples or pin) and obtain the attestation on the photo by the Principal. Candidate has to sign in the space provided in the admission ticket.

B) Announcements on students notice board must be made prominently that the admission tickets should be received by the students well in advance and not 10 minutes prior to commencements of examination because his/her photo affixing, attestation could not be done in a hurry as the principal will be busy with exam work, which may ultimately make him/her to attend examination late.

2) INTIMATION TO THE PRACTICAL EXAMINERS:

a)After receiving the allotted practical Examiners list online (BTE linx) for your institute the Chief Superintendent of examination should send the intimation of details of Practical Examination at their centers to the allotted examiners by the Board by recorded delivery and maintain the record of dispatch of intimation in dispatch section. Complaints are received by the examiners that either they have not received the orders or intimations have reached them very late by which time examination will have been conducted by the alternate examiners. Chief superintendent must intimate examiners personally & also through their respective principals over phone (phone nos. available online) & SMS , e- mail.

b) One copy of the intimations to examiners, time table, details of alternate examiners if any appointed online by the Secretary, BTE, should be sent to the Secretary, Board of Technical Examinations after the examination is over. Time table shall be framed as far as possible to the convenience of the Joint Examiners if they have exams at other institute.

c) The chief superintendent of examination should not appoint any examiner on his own. He should intimate to the Secretary BTE, if the allotted examiner is ABSENT & get the alternate examiner online (BTELinx) only; If not disciplinary action will be initiated against the chief superintendent of

Practical exams also joint examiners, who conduct the examination unofficially.

d) Signatures of the students who attended the Practical Examination should be maintained as in the case of theory papers (maintain Invigilators diary) by preparing a list of students and their Reg. nos. name of Practical, Class, date, time etc., This will be required for clearance of with held results. (Appearance statements shall be printed online for each practical subject).

e) Joint Examiners shall take the signatures from the students only at the time of receiving answer booklets from the students in the appearance statement printed subject wise & batch wise using BTELinX application (on line) as a proof of accepting answer books from the students and original copy to be sent to Secretary, BTE along with (kept inside) Answer Books packet.

f) Chief superintendent shall see to it that Marks in Marks Lists are uploaded online(BTElinx) on the same day of examination with out fail & Marks shall be uploaded through respective Joint Examiners only through his/her code(examiner code) available online.

g) The chief superintendent shall issue Attendance certificates to the Joint Examiners only after Marks in the Marks Lists are uploaded online (BTElinx) & The chief superintendent shall write on the Attendance certificate "MARKS UPLOADED ONLINE" & then sign attendance certificate.

3) DISPATCH OF PRACTICAL EXAMINATION RECORDS:

The following should be dispatched to the Secretary, Board of Technical Examinations, Bangalore immediately after the conduct of all Practical Examinations.

to Technical Examinations. Care should be taken to observe that examiners write the code number, subject, semester, no. of candidates, register Nos. their names and address on the sealed covers containing valued answer scripts.

c) List of practical for which alternate examiners have been taken from Secretary BTE if any with their submission note indicating communication reference(Print out from online Message box).

d) One copy of Appointment Orders of practical examiners

GUIDELINES FOR THE CONDUCT OF THEORY EXAMINATIONS.

1. Issue of Admission tickets has already been detailed in the guide lines for the conduct of Practical examinations.

2. ARRANGEMENTS OF HALLS:- As far as possible each desk should have candidates of different branches, to avoid copying. At least two invigilators should be posted to a room and they should be present during the conduct of theory/drawing papers. Reading of news papers, allowing friends or others not posted to invigilation duty has to be strictly avoided. Text books, notes etc., should be deposited out-side the hall. No transfer of drawing instruments, calculators should be permitted in the hall. It is advisable not to post such staff to a room who belong to the same branch as the paper issued in a room. New recruits should be briefed about duties of Invigilator before posting them to invigilation duty as many have found to commit lot of mistakes due to ignorance of rules of Board of Technical Examination leading to problems in Mal-practice cases. Students should be informed that using CELL PHONES, Programmable CALCULATORS WITH MEMORY STORAGE are not permitted in the examination hall and Chief Superintendents/Invigilators/Squad members can check a candidate (search of pockets) if necessary.

Mathematical tables which contain only logarithms, trigonometry functions (like sin, cos, tan) should be supplied to students and not clerk's tables or any other tables which contain mathematical formulas.

3. Details of room number, location of room, subject of examination, timings should be displayed at the entrance of the Institution to facilitate the students to locate their seat position and squad members to reach the rooms without the help of the Chief Superintendent.

4. Details of Staff (Office) to be engaged for examination work depending on the number of courses and claiming of remuneration is given in item 35 of G.O.117 TPS 92 dated 24th July 1992. For example, for more than 3 courses the provision for attender / Peon/Water boy is 15. It is found from the remuneration bills that remuneration for 15 is claimed even though the examination was conducted in four rooms. 4 Peons or water boys are required for four rooms, sealing work 1 peon, postal work 1 peon, other works 1 peon. Total 7 or 8 peons are required whereas remuneration for 15 has been claimed just because provision of 15 is there. This leads to unnecessary and unjustified expenditure for Board to Technical Examinations. This aspect should be looked into, also, in the matters of number of invigilators and other supporting staff.

5. The master candidate list and other records pertaining to Institutions attached to Nodal Polytechnics/ (clubbing) should be sent to Board of Technical Examinations along with the records of Nodal Polytechnic without fail, In the absence of master candidate list of attached Institutions it is not possible to announce the results due to want of information.

6. Appearance statements should be printed for each session subject wise & also room wise using BTELinX application (on line) as followed in the previous examination.

7. Joint Invigilators shall take the signatures from students only at the time of receiving answer booklets from the students in the appearance statement printed subject wise & room wise using BTELinX application (on line) as a proof of accepting answer books and in turn from Chief/Deputy Chief superintendent at the time of handing over the same as a proof of acceptance by Chief/Deputy Chief superintendent and original copy to be sent to Secretary, BTE along with (kept inside) Answer Books packet.

Invigilators are responsible for any loss/misplacement of Answer books of candidates and stationery issued to their respective exam halls.

8. ISSUE OF MAIN ANSWER BOOKLETS:-

For regular theory candidates 20/32 pages Booklet depending upon the subject to be issued.

9. ISSUE OF ADDITIONAL BOOKLETS:-

a) The Invigilators should be briefed before doing Invigilation that the additional booklets have to be issued only after a candidate has completed

all the sheets in the main booklet. There should be no page left blank in the main booklet. The candidate might say that he will fill it up later which should not be allowed. The serial number of the additional booklet should be got entered in the invigilators diary by the candidate.

b) It is found that answer booklets have been issued for drawing papers either for rough work or for calculation purposes. For example, Engineering Drawing-I need not be issued with any booklet as the calculations could be done on the drawing sheet itself as the calculation are also valued and not much calculations involved. Additional booklets. could be issued for drawing papers in which extensive calculations are done like Design drawing, Irrigation, Structures etc., In the case of Government/Aided Polytechnics additional sheets/answer booklets have to be used as they are not supplied with additional booklets.
