NATIONAL BOARD OF ACCREDITATION

Established in the year 1994 under Section 10 (u) of AICTE Act.

NBA became Autonomous in January 2010 and in April 2013 the Memorandum of Association and Rules of NBA were amended to make it completely independent of AICTE, administratively as well as financially.

NBA is now independent in its functioning, decision making as well as financially: does not receive any grant either from the government or from any regulatory body of technical and higher education.

General Policies on Accreditation

- Programs, and not Institutions, are considered for Accreditation
- Programs from which at least two batches of students have graduated will be considered
- Programs should be offered by an educational Institution, which has been formally approved as an educational Institution by concerned regulatory authority
- Programs are considered for assessment and accreditation only at the written request of the educational institution and after agreeing to abide by the NBA's accreditation manual, rules, regulations and notification issued from time to time

Purpose of accreditation

- **Not to find faults with the institution but to assess the status-ante of the performance**
- **Not to denigrate the working style of the institution and its programs but to provide a feed back on their strengths and weaknesses**
- **Not to demarcate the boundaries of quality but to offer a sensitizing process for continuous improvement in quality provisions**
- **Not to select only institutions of national excellence but to provide benchmarks of excellence and identification of good practices**

Benefits of Accreditation

- **Facilitates continuous Quality Improvement**
- **Demonstrates accountability to the public**
- **Improves staff morale**
- **Recognizes the achievements/innovations**
- **Facilitates information sharing**
- **Priority in getting financial assistance Helps the Institution to know its strengths, weaknesses and opportunities**
- **Initiates Institutions into innovative and modern methods of pedagogy**
- **Promotes intra and inter-Institutional interactions**

What is SAR

(Self Assessment Report)

- **SAR** is compilation of such data and information pertaining to a given program for its assessment (identifying strength and weaknesses) vis-à-vis accomplishment of defined POs and PSOs by the college itself.
- **SAR consists of**
 - Nine criteria's
 - Criteria seeks information on Programme Educational Objectives, Programme Outcome, Programme Curriculum, Students' Performance, Faculty Contributions, Facilities and Technical Support, Academic Support Units and Teaching-Learning Process, Governance, Institutional Support and Financial Resources, Continuous Improvement in Attainment of Outcomes
 - NBA reconfirms or differs from the assessment of the institution, using a mechanism of peer review, in its evaluation report.

```

Dates of Visit

- Once the institute submits its e-SAR through e-NBA, an instant automated mail is sent back to the institute to suggest five sets of dates for visit by the expert team
- NBA office selects one set of dates and communicates it to the institute. After receiving the concurrence of the institute, the dates of visit are fixed

ACKNOWLEDGE
